Reference For Captain Benoît Tétaud

I have had the great pleasure of working with Benoît as Captain of M/Y SUNLINER X since 2014. During this period, Benoît and his crew have carried out six highly successful charters for one of my longstanding clients, a family from the USA.

From the moment, we were first introduced, I have found Benoît to be an extremely professional and conscientious Captain with a very positive can-do attitude. He has always created excellent itineraries to match guest's expectations and has been a joy to deal with in the lead-up to each charter. Benoît and his crew maintain M/Y SUNLINER X at an exceptionally high standard and deliver absolutely first class service onboard.

Feedback from my clients and their guests has always been incredible, with each charter improving on the already very high standards of the previous charter. The comments in the yacht's guest book are testament to this.

Benoît runs a yacht that is truly one of the finest in her class and an asset to our industry.

With kind regards,

Alexander J. Coles - Senior Charter Broker
