**Ref : Benoît Tétaud**

Our company was in charge of the SUNLINER X 's Refit, so we met Benoit Tétaud in June 2018 as Captain on board of SUNLINER X and started to collaborate together for months.

Benoit is very humble, courteous, openminded, calm and voluntary. He is reliable and it's pleasant to work with him.

He has good relations with all the people we met. Always helpful, he knows how to win respect.

He is the kind of person you can trust and you like to work with thanks to his self-control and kindness, always trying to find a solution suitable for everybody. We appreciate is proactive behaviour.

Thanks to him, our work on the Shipyard and the SUNLINER X was efficient with complete peace of mind.

We would recommend Benoit as he is one of the best captains we have worked with.

We wish him a successful career.
