To whom it may concern,

I can only highly recommend Benoit Tétaud as one of the most professional, organised, knowledgeable and friendly Captain I have had the chance to work with over the last 12 years. I first met Benoit when I booked SUNLINER X in 2015 or one of my biggest French clients. The charter was so successful that my client invited Benoit and his crew out for dinner throughout the charter. My client became a repeat and we will definitely work with Benoit again.

He is extremely knowledgeable of the whole West Med and more and has all the right contacts in every port to provide the best service to clients and Owners and manage their expectations.

I am available on my mobile for further reference +33 6 77 77 20 68.

With kind regards,  
Sophia
