

REFERENCE

To whom it may concern:

We know Benoit Tétaud for several years now as captain of motor-yacht "Five Stars". We find him highly competent captain, managing the yacht and his crew in the most efficient way. (Five Stars is in excellent condition).

Benoit pays great attention to safety and maintenance on board and he is a good leader, able to instruct his crew in the best way.

Benoit is very organised and takes his responsibilities in full. His pleasant and friendly manners makes him a person nice to deal with and his English language skills enables him to makes himself understood without any problems.

We used his services as well several times for such events as Monaco Yacht Show to take care of one of our centrals "Diamond for Two- Jongert 22" and to do some deliveries.

We would recommend Benoit to any future employer.
Don't hesitate to contact us if you require any further details.
