Mr Tétaud proved to be a very experienced captain and manager in the yachting industry, developing substantially the charter reputation of M/Y Sunliner X to being a very successful, well-known and high turn around charter vessel placed with a variety of charter brokers. Mr Tétaud has successfully seen through to completion of extensive refits on the vessel on both exterior and interior. This included main engines, generators, stabilizers, bow thruster, structural refits and three special periodical surveys under the ABS class. During his 17 years on board, he has developed a stable and close working relationship with our organisation ensuring he fully delivers our expectations.

We are grateful for the quality of work he has accomplished within the M/Y Sunliner X and wish him all the best for both his personal and professional future. Mr Tétaud was an asset to our organisation; we have no hesitation in recommending him most highly as Captain/Manager aboard a yacht.
